PROFESSIONAL SUMMARY

Enthusiastic and self-driven software. Trainee with a strong foundation in software development, front-end technologies, and data analysis. Skilled in building responsive web applications and working with modern tools such as Python and Power BI. Eager to contribute to a dynamic organization by applying technical expertise, problem-solving abilities, and a continuous learning mindset.

INTERNSHIP EXPERIENCE

FrontEnd Developer Intern — May 2025 - June 2025

CODSOFT - ONLINE

- Developed and optimized responsive web pages using HTML, CSS, JavaScript, focusing on UI/UX improvements, cross-browser compatibility, and performance optimization.
- Applied object-oriented design principles, debugging techniques, and Git version control to write clean, scalable, and maintainable code within an agile development environment.

XML Creator & Editor Intern — June 2025 – July 2025

GPublishing Service - OFFLINE

- Created and edited XML files for structured document formatting, ensuring consistency and accuracy in digital publishing workflows for book production.
- Collaborated with the editorial team, applying content formatting, editing standards, and publishing best practices under expert guidance.
- Gained practical experience in document structure, metadata management, and quality assurance processes, contributing to efficient content delivery.
